

*Biedermeier Sofa
by Josef Danhauser*

Vienna, c. 1820

From the Workshop of Josef Danhauser

Ebonized Fruitwood

Height: 40" | Seat Height: 19" | Length: 61" | Depth: 24"

VC-27-46

Biedermeier Sofa by Josef Danhauser

VC-27-46

This Josef Danhauser Biedermeier sofa is of ebonized fruitwood. Danhauser was the most prolific cabinetmaker of the Biedermeier period. His designs were not only known to the bourgeoisie and aristocracy in Vienna, but throughout Europe. Geometric forms, such as the cylindrical columns supporting the armrest, characterize his furniture.
